

Gemstar Update

April 3rd, 2020

Dear Gemstar Customers,

Gemstar Weekly Update

We are all working to provide the best service we can, ensuring we are keeping our people safe and navigating through all government mandates.

Service

Gemstar ready to support the design, production and deployment of your projects to support Government, Medical and Food Industries and beyond. We have tremendous custom, protective case capabilities as well as custom plastic component capabilities. We are here to serve as an essential manufacturer, and are proud to support our employees as well as those on the front lines, every day.

Questions

Please [contact us](#) via email or phone with any questions or needs you have, we are here to help!

Thanks,

Frederick M. Oss
President
Gemini / Gemstar
