

GEMSTAR[↑]

PROTECTIVE HARD CASES

TRUST FOR THE LONG HAUL

STRONGHOLD[®]

A FORTRESS FOR HIGH-VALUE ASSETS

ROTATIONALLY MOLDED, AIRTIGHT, WATERTIGHT,
DOUBLE-WALLED LONG LIFE REUSABLE CONTAINERS.

- Tongue & Groove Construction with Gasket
- Recessed Hardware for Additional Protection
- Spring-Loaded Handles
- Pressure Relief Valves

STRONGHOLD: Maximum security means maximum peace of mind. Whatever valuable assets you have stay safe, dry, and secure in these heavy duty, ultra-rugged, ultra-secure, double-walled hard cases. Built to be virtually indestructible. Stands up to edge drops, lateral impacts, vibrations, extreme temperatures, moisture and everything else that you can throw at it. Made with GSR™ high-performance resin. With over 100 sizes and configurations, and growing, you won't find any protection stronger than this.

SENTINEL[®]

**INJECTION MOLDED.
WATERTIGHT. LIGHTWEIGHT.
FULLY CUSTOMIZABLE.**

- Tongue & Groove Construction with Gasket
- Easy-Open Latches & Ergonomic Handles
- Pressure Relief Valves
- Molded-In Padlock Brackets

SENTINEL: This is our tried-and-true hard case line. With over 20 sizes and growing, Sentinel cases feature a nearly unbreakable injection molded construction made from GSI™ impact-resistant resin. Standard features include a pressure relief valve, molded-in padlock brackets, EPDM gasket, stainless steel hardware, and secure, easy-open latches. Sentinel hard cases are ideal for a wide range of parts and equipment and are built to stand up to intense conditions, year after year. Welcome to protection that's waterproof, dustproof, and most of all, worry-proof.

VERSAPRO[®]

**THERMOFORMED. SINGLE-WALLED.
EXTENSIVELY CUSTOMIZABLE.**

- Aluminum Tongue & Groove Enclosure
- 1000s of Unique Combinations Possible
- Extensive Hardware Selection
- Multiple Material Choices

VERSAPRO: The case that started it all. When looking for just the right size or being unique really matters, our original VersaPro case steps in. Made with GST™ resins and available in over 200+ footprints, VersaPro is versatile enough to be formed in varying depths, heights, colors, and custom configurations. VersaPro cases have been used in wide variety of applications, including sensitive instruments, medical components, aviation equipment, electronics and much more. *Minimum quantities and setups may apply.

GEMSTAR HARD CASES

CUSTOMIZATIONS & CAPABILITIES

MAKE A GEMSTAR CASE YOUR CASE.

Modification. Customization. Adaptation. Whatever you call it, we've built our reputation on our unique ability to tailor our cases to the specific needs of your project. You need CNC routing and deck mounts? We can do that. Dual layers and special resins? We can do that, too. Plus we offer a robust selection of custom features, sizes, and colors to add purpose-built functionality to any case. Built to the toughest standards. Tailored to your specific needs. That's how we roll.

CUSTOMER EXPERIENCE

BUILDING A BETTER CUSTOMER EXPERIENCE.

At Gemstar, everything we do is built on the foundational idea that our customers always come first. We take tremendous pride in our responsiveness and love working directly with our distributors and users to help solve their unique challenges. Not merely as a vendor, but as a trusted partner. This is why our people go to great lengths to make the experience of buying our hard cases as great as the cases themselves.

TESTING

RIGOROUSLY TESTED TO STAND THE TEST OF TIME.

Gemstar's comprehensive in-house testing capabilities ensure that our hard cases are built for the long haul and designed to meet the tightest industrial and military standards, including IP67 Waterproof, IPX7 Dustproof, ASTM 4169 Drop & Vibration Test and MIL STD 810. Our rigorous testing methodology is just another example of how Gemstar puts more tried-and-true expertise into building our hard cases so you can put all of your trust into using them.

Across oceans. Over rugged landscapes. Through hell and highwater. Gemstar Hard Cases are built for the long haul from the inside out for the toughest, most demanding, technical jobs out there. No matter the size, no matter the weight, no matter the unique parameters of your project, Gemstar Hard Cases meet the most exacting industrial and military specifications — delivered with the service to exceed your highest expectations.
